THE INTERNATIONAL FORECASTER editor Bob Chapman writes: Mssrs. Bush and Cheney have committed the following high crimes including treason:

1. Mssrs. Bush and Cheney lied to Congress and the American people in order to invade Iraq. Thousands of American servicemen and mercenaries have died in this military action against Iraq. Many times that amount of innocent foreigners have died as well. By needlessly casting the US in the role of an aggressor nation, which has already caused the death of thousands of innocent US military personnel, Mssrs. Bush and Cheney have committed treason. This demonstrates that they are nothing more than war criminals like Hitler and Stalin.
2. Mssrs. Bush and Cheney authorized wide-scale illegal wiretaps on US citizens. They believe that having a "war" authorizes any sort of dictatorial abuse of power. These brazen criminals must be impeached, convicted, and removed from office.
3. Mssrs. Bush and Cheney have either condoned or actively encouraged the torture of prisoners of war and other detainees. The Bush Administration has issued many illegal "signing statements" to void the provisions of the new anti-torture law as well as many other laws passed by Congress. These men are usurping the authority of Congress. They must be impeached, convicted, and removed from office.
4. Mssrs. Bush and Cheney are not safeguarding our national borders, which results in massive illegal immigration. Legal immigration is fine. However, allowing illegal immigration is destroying our society by allowing law-breakers to continue lawless behavior within America and by placing a burden on state and local governments. Logic would indicate that sealing our borders would increase the safety and security of our nation, yet the Bush Administration not only doesn't adequately enforce immigration laws, but also promotes illegal immigration by proposing amnesty for illegal aliens.
5. Mr. Bush has encouraged a coup against Mr. Chavez, the democratically elected president of Venezuela. Venezuela is a key source of petroleum for America. As a result of Mr. Bush's foolish behavior, Mr. Chavez is seeking Chinese assistance and investment in the Venezuelan oil industry. Mr. Bush's foolish policies have

turned the people and countries of Latin America, such as Brazil, against the US.

6. Mssrs. Bush and Cheney pressured Congress into enacting the PATRIOT Act, which violates many provisions of the Bill of Rights. The rights are guaranteed by the Bill of Rights. But it is essential to remember that these rights are not merely privileges given by government, but, as stated in the Declaration of Independence, are actually ?inalienable rights? given to us directly by God. The US Constitution was designed to reflect and guarantee these God-given rights. The PATRIOT Act takes away our God-given and constitutionally guaranteed rights. It is the duty and obligation of Congress to repeal any laws that contradict the Bill of Rights. Mr. Bush has violated his oath of office by failing to follow the US Constitution and the Bill of Rights.

7. Mr. Bush has illegally violated the basic human right of ?habeas corpus.? He has detained US citizens without stating the charges for which they are accused. Would-be dictator Bush acts as if he is above the law. Congress must act to preserve the Constitutional rights of all Americans. No one should be allowed to take away these God-given rights. As our representative, you are obligated to protect these rights. You must do it now. This is the most important thing for you to do. Nothing else is significant.

8. Just as the first Roman dictator Julius Caesar violated Roman law by bringing his legions across the Rubicon River into Italy, Mssrs. Bush and Cheney have violated US law by having the US military involved within the interior of the US to engage in domestic law enforcement. This is the behavior of dictators.

9. These two men have committed many other crimes. They have enriched their cronies through exorbitant no-bid contracts. They cannot account for billions of dollars spent by the Defense Department. Through their negligence Mssrs. Bush and Cheney may have been responsible for not preventing the tragic events of September 11. They may even be responsible for instigating the events of September 11 for their own political benefit. There are numerous inconsistencies and unexplained facts to indicate that a thorough and objective investigation has not been performed. It appears that the public is not aware of the true extent of their many crimes. I am ashamed to call these men Americans.

This is a choice of freedom or tyranny ... we as Americans chose to keep freedom. We chose to keep the US Constitution.

We choose to keep the Bill of Rights.

Therefore, we demand that Congress impeach and convict both Mr. Bush and Mr. Cheney of high crimes and misdemeanors.
