Hey frank you are one world class ass!

Tell us about how many times you have threatened litigation against people. Exactly how many suits have you filed? (zero).

Tell us about all of your reports to the authorities? Or your empty threats. Resulting in nothing.

Tell us again about how you were accused of child molestation.

Tell us how you spent time in prison. What was the charge in that case?

Explain to us how your death threat against Allen Steere on this newsgroup, reported in the New York Times didn't discredit the entire Lyme community?

Tell us about your misogynistic comments about women? How you call them the c word.

Tell us about your anti semitism.

Tell us more about your admiration for terrorists.

Tell us about how you admire the terrorists who shot children in the back at Beslan.

Tell us about your hatred of the United States. About your admiration for Sadaam Hussein and Osama Bin Laden.

sci.med.diseases.lyme: Re: How to take action against anti-Lyme terrorists, developing story

Tell us about your invention of an efficient mercury gun for mass killings.

Tell us all about the many death threats and other threats of violence against specific individuals here on this newsgroup. About your threats of terrorist acts and mass murder.

Yeah you're a prince frank. A king. A royal asshole.

Hey f u frank.

Go f yourself ahole.

> *I keep people updated on how things develop from here (what happens is, Google is legally obliged to provide me with the IP- & ISP info of the criminal, info with which I can discover who the criminal is by in turn obliging them to hand over their data). The lawsuit(s) becomes possible from that point onwards, as is other action aimed at preventing the criminal from acting out the threat of assassination.*

> *Thank you for your note. It would be helpful if you could provide us with additional information, including the nature of the alleged crime and the specific message IDs of the Google Groups posts in question. To locate the message ID, please click on the link called 'Original Format' that will appear beside the header (above the body) of the article in question. After clicking this link, you will be taken to a text version of the article that contains in-depth header information. Please find the line called 'Message-ID' and copy and paste the content of that line (the information between brackets) into your response.*
