225 years from now the nuremberg protocols will be repudiated. The hippocratic oath which is violated on a daily basis by most physicians anyway will be retired and physicians will become slaves to the people's whims. Physicians who refuse to comply with this humiliating treatment regimen will be stripped of their clothing and incarcerated in a large oxygenated plastic bubble bereft of toilet facilities which orbits jupiter until they either reform their ways or drown in their own peepee and poopoo.

.
