COD: YOU DIDN'T KNOW THE MAN. DID YOU?

Ever HAVE ANY contact with him?

Why do YOU presume to judge him?

dritteman, you often use this line when defending the genocidal maniacs in the steere camp.

we make judgements every day on the character of people we have never met in person.

I've never met hitler, stalin, saddam, osama, josef mengele, jeffrey dahmer, etc.

yet I and most other people have formed strong opinions based on what they know about these individuals.

do you vote? I guess not if you follow your logical system consistently.
