Who is the other government official besides Rove?

No one told us what we should do when we became totally immune to all of this and don't expect the USDOJ to do anything about it.

Ashcroft said no one is above the law.

(I know, it depends on what he means by "law.")

Ashcroft had to recuse himself. Then he quit.

Does anyone think Miller is in jail to protect the other Mr. Whodunnit?

Tenet quit with a clear conscience. The facts were being fixed around the policy. Who does that leave in between the CIA and the White House?

Is the USDOJ even legally ALLOWED to investigate itself? What happens when the prosecutors are the perps?

Throw the First Amendment users in jail, after inventing their crimes.

Unless they also write for the Chicago Tribune, and "fire from the right."
