What was funny was michele p's lectures about libel and slander.

Probably not intentionally though.

Do you have any idea what a "national legal advocate" is? I sure don't.

But looking at the resume there seems to be an awful lot of puffery.

Seems to me like some people in the world would make an omelette and declare themselves a master chef on their resume.

Or order dinner and say the fries were cold and call themselves a food critic.

Or go to the polls on election day and vote for a candidate and put in their resume that they worked for that candidate's election.

Did someone say michele was in law school online? LOL Did she find the law school on the back of a book of matches? I'm guessing that she'd need to do an awful lot of studying before taking the bar.

On the other hand maybe some people go to a bar or saloon and confuse that with joining the bar?

Pretty sad. Pathetic.

Apparently loves all the attention though. Intent on making herself the center of attention and being everyone's savior. She's screaming ME ME PAY ATTENTION TO ME.

And it doesn't seem to matter whether the attention is negative.

I see a lot of lisa and kathleen in her.

And is there anyone here she hasn't fought with? Most people here are in factions but don't fight with those in their own faction. She's her own faction. She fights with everyone equal opportunity.

A real charmer. I guess sometimes people who are good looking don't develop other social skills.
