ANSWER THE QUESTIONS KATHLEEN

Let's see how you like it kathleen EVERY time you post, I will change the title of the thread and I will post these questions until you answer them one by one and answering them means NOT talking about mcsweegan or former governor rowland and all your typical diversionary crap anyway.

PLUS you are cross posting ONCE AGAIN TOTALLY OFF TOPIC and you're selfish to do this to one newsgroups CRIMINAL to do it to multiple newsgroups—yes here is your "crime": You are preventing people who need help from getting help for your selfish personal reasons that you are so completely egocentric along with delusional paranoid schizophrenic with psychotic features that you just can't see past your

own twisted delusional psychotic personal agenda—which ought to be about getting your kids back and solving your own enormous problems in life instead of trying to solve anyone else's. By preventing people from getting help you are responsible for the consequences. Surely people are dying as a result so you are a murderer (trying out a little

kathleen "logic" here. So you are now being reported to the DOJ FBI and

CIA and WHO and UN and DCF and the federal and state courts and homeland insanity department and all over the planet as a murderer.

How do you like them apples?

Now answer the questions. And stop the off topic cross posting. Answer the questions TRUTHFULLY for a change. Focus on the question. If there's a question yOU don't understand which is hard to believe given your self declared genius IQ, let us know and we'll rephrase it.

Don't LIE as you do and don't try your diversionary tactics. Ignore this and I will keep reposting it kathleen. Not only that but your silence will be construed as admissions to all OF the fa
