Declaration of the Jury of Conscience World Tribunal on Iraq

The World Tribunal on Iraq met in Istanbul from 24–26 June 2005. The principal objective of the WTI is to tell and disseminate the truth about the Iraq War, underscoring the accountability of those responsible and underlining the significance of justice for the Iraqi people.

Declaration of the Jury of Conscience World Tribunal on Iraq

27th June 2005, Istanbul – In February 2003, weeks before an illegal war was initiated against Iraq, millions of people protested in the streets of the world. That call went unheeded.

??No international institution had the courage or conscience to stand up to the threat of aggression of the US and UK governments. No one could stop them. It is two years later now. Iraq has been invaded, occupied, and devastated. The attack on Iraq is an attack on justice, on liberty, on our safety, on our future, on us all. We, people of conscience, decided to stand up.

??We formed the World Tribunal on Iraq (WTI), to demand justice and a peaceful future.

??The legitimacy of the World Tribunal on Iraq is located in the collective conscience of humanity. This, the Istanbul session of the WTI, is the culmination of a series of 20 hearings held in different cities of the world focusing on the illegal invasion and occupation of Iraq.
