naseem 925367561!does stuff like says im leaving for boston in 10 so she won't have to pay ouy money.naseem says i told you this and you say no you did not tell me that you going back to boston. naseem gives you a bad check but you don't no this until you take it to the bank and the bank tells you the check is no good. so naseem likes to do fraud & forgery and naseem likes to put my peoples names on contracts with out there Knowledge. i did not no this until the people with the contract kept calling me i asked them why they were calling me they said because naseem put my name on the contract with out my Knowledge. so i called the my att. he said we are going to sue for forgery. but you nowhat i did i took out her laptop hard drive and made a copy of it and recoved all delete files, pics and docs when she went to get her hair cut.
