Kathleen, dont thank Calc. She speaks like she's on our side, but she's actually a neo-nazi.

She believes the Steere camp (and the US army, and the world) is run by a world Jewish conspiracy (just as Hitler did).

In other words, I, Dr Katz, California Lyme's family and other Jewish Lyme victims/LLMDs are in a secret conspiracy to destroy ourselves.

in fact, all she is doing is destroying the credibility of those of us who say that the Steere camp is guilty of deliberate fraud.

I advise you to stay away from her until her brain cells wake up, as her fascist ideas will only discredit you.

Lisa
