As a matter of fact, I did have quite a hand in dumping those aliases of hers a few weeks ago. You, on the other hand, kept telling us you were sending abuse reports when the report system wasn't even working. Dumbass.

Ya gotta hand it to the loon this time though. That Oracle thing is a real knee slapper, don't you think? Somehow she thinks what she says and how she says it can be disguised by some other name. Well, you know what Will said...a name by any other name...

still smells like shit. Ok, so I took a little poetic license there. So, slap me.

And she wants us to believe she actually has a friend. Well, if Orifice is a real person (doubtful given what spews from that Orifice), they'll learn the way everyone else has who has had the misfortune of crossing her path. But, we know there is no Oracle. Did you notice the name changed from plain old Orifice to some sort of Oraclelymeaction garbage?

The underwhelming response to her invite to the new group was predictable. The only ones posting are her and Chuck. All 1 poster entries except the one where she posts 5 times under some sockpuppet and Chuck twice. God damn, somebody slap me. And in one message there are two entries – both her. Did you forget you were yourself again? hahahahahaha

Especially hilarious is Oracle's comment on the breast-implant awareness site. Pure loon....

"Online stalkers need to have their finances investigated, who they associate needs to be investigated, they need to be arrested, and if found guilty thrown in prison.

This person who started this post should be investigated for harassment and other crimes. If Free Speech is a right, this is also a civil rights violation. Let us prosecute this person. Please inform authorities to investigate the author Kathleen is INSANE "

Online stalkers? Finances? Associates? harharharhar

The original post was "You don't want to mess with the IRS."

Sounds like good advice to me. Let's see how the loon explains Lymeraft, or as I like to refer

to it, LYMEGRAFT.

HEY CHUCK, lay off the cross posts – it is distracting
