Stubby is a bud.

I think he got drawn in here because of KathLOON's relentless cross-posting...and decided to hangout some...as he appreciates the absurd for its own sake.

He's cool...

Well here's why I like minitails, she has a reasonable response and here's why lymenema is such an ass:

Well,  
Okay, I shouldn't but I'll give it a try. I hope I can express a couple of thoughts without upsetting you.

She can tell she's dealing with a total whacko, but she's being careful and polite

Sci Med seems to need help and it would be great to see it get back on track. I'm not sure that attacking those who post there is very

effective or helpful to Kathleen and it isn't clear to me that all those posters you mentioned have multiple identities. Do you have information about that?

Yup finally someone sees the absurdity of this ridiculous accusation

You made a lot of accusations, I've heard most of them before. I sure wish I had access to your source of information.

Tongue in cheek she' saying put up or shut up snapcrackle

Finally, I really wish Kathleen would and could get the help she needs. It's very sad to see how her behavior has become such a distraction to so many in many different ways. Without intention, her behavior can take away from the ability to concentrate on TBD's.

I think everyone wishes kathleen would get some help.

I always wish Kathleen well, and though I've never seen you before, I wish you well, too. Nobody should have to suffer like Kathleen.minitails2
