Carla was threatened and impersonated.

" Don't even know who the f carla is".

That's okay...she doesn't know who she is, either.

Probably "anothergirl", "Snappy", "Snapcrackle"...(although I have NO recollection of her ever having been 'threatened' in any way).

Another one who came in here deliberately intending to cause trouble. Apparently, she thinks that picking fights and antagonizing people here will somehow elevate her status in the world of neo-nazi lesbian activist politics...(as you can no doubt see by her dramatic report of her glorious sortie over the frontlines).

This is the ID another poster gave for "Snappy":

"Her name is Carla Kruytbosch in Katonah, NY. She may have gone to Johns Hopkins once upon a time but that doesn't make her the professor she claims to be on LymeNet and Wikipedia. She taught Web Design, Graphics and Animation at Westchester Community College and the Westchester Business Institute (now the College of Westchester), where she supposedly received the President's Award for Outstanding Teaching. Probably that happened before mental illness set in. (http://www.sunywcc.edu/downloads/spring_2005/waw/faculty.pdf)

She's supposed to be the owner of Freyfaxi Media and working on something called thewww.thenetcollege.com.

Re: LOL Another girl aka Lisa aka another freaking whacko on LNE

I think she must have been kicked in the head by the mythical Icelandic horse, Freyfaxi.

If you call, let the phone ring for a while. Her aluminum foil hat has earflaps".
