hard to figure out who wrote what!

Oh my gosh. That's great. I would have never thought of that.

It took me like an hour to figure out what you meant. I finally get it. That's funny. When it finally hit me I laughed out loud.

Nope...I'm way nicer and, incidentally, way cuter than the 'man with no work'. I'm the girl with lots of work who is just too distracted to focus on what I should be doing! LOL
