"The New Haven FBI are amazingly *stupid* people.
I know because I call them quite a bit. "

ha!

Kathy, I willing to pay you to produce a live webcast reality show of your life. You'd have your house webcam'ed and mic'ed (you shouldn't have a problem w/ that since the NSA and the Jews (pronounced "JOOOooooooooz"), already have your house bugged, according to you, you shouldn't have a problem w/ it. The public could tune in on you anytime 24/7 and watch you fight for your many causes (exposing the Freemasons, NWO, Jews, your husband, attractive Republican women who have sex, etc etc etc). You could gather new members to your resistance cell as they watch you diligently go about your daily "work" (calling the FBI, emailing Hugo Chavez, faxing the U.N. etc etc).

good stuff!
