If you want to chastise Wolfbrother, point out that the John Whale has a long posting history of dubious and very dated comments. You could point out to Wolfie, that just because John Whale is anti-establishment does not prove he is a solid ally. In fact, John Whale just might be a vegetarian! ;-)

Further, I suspect Wolfbrother is an alter ego to Tcomeau or at least his posting history has been in remarkable parallel to that of Tcomeau's.
