My wife and I have been using one of these units for 2 weeks now with great success. Most of these types of machines sell for over \$1,000. I found the website below that actually has the units at a really great price and I wanted to pass the information along.

The Foot Detox Spa is the fast and eay way to Toxic Relief. Relieve Pain, and Stiffness. Rid yourself of Heavy Metals, and Parasites. JD's has two models available at wholesale prices.

You are a fool. Machines like these are a fraud.
