Hi,

I just came across this and wanted to pass it along.

There is a Healthy Living Community that looks like it is just starting and has some interesting topics about Exercise, Diet, and Juice Plus. This might be a good place to post research, success stories, marketing ideas, etc for people to learn about Juice Plus and how it is a part of their overall healthy living plan.

I also noticed they just started a contest and are giving away some cute personalized monogrammed totes. I want one!!!

The community is at: www.JuicePlusTalk.com

Enjoy,
Super Sweet

.
