>cancer. She was diagnosed just over a year ago.*

My aunt is a few months past her one-year mark of being cancer free also.  
Thanks for the info on making the donation – I just made one to the Susan Koman  
foundation. I am not saying that to brag, just because it is very important to  
me as we had two family members get diagnosed with breast cancer within a few  
months of each other and both have been cancer free for over a year!!
