Wait a minute – I thought it was on this board that there was a discussion that if you went lighter you covered the gray better and you look younger – so I am trying to get to a light brown...people have been saying I look great – rested – which is so not the truth as I may only get 3 hours of solid sleep a night these last few weeks...but my secret is – StriVectin–SD. It was originally marketed for stretch marks but is doing wonders on my wrinkles. I got the eye cream first and was so amazed I got the face cream (you can also use it on your hands). it is pricey – at least as far as I am concerned – but I love what it is doing to this face/neck/hands of mine! <http://www.kleinbecker.com/>
