>Do you know if you have to keep registering there regularly?

Not for several years.

>I put my

>numbers on the list more than a year ago and still get daily phone calls.

I think you can go to the website and verify that your number is on there.
Might give that a try.

I saw a HUGE decrease in calls once I signed up.

If you still get daily phone calls it might be because you have a business license listing. We got a business license and within DAYS started getting cards from every kind of telemarketing place you could think of. Including accounting services. <VBG>
