me. My older sister who had -eight children  
reassured me that the placenta was handled differently for h-umans>>

That's what you think. LOL. There are people who do believe eating it is beneficial and do so. I guess if I was attending someone delivering and there was no medical help to be had and they were hemorrhaging it might occur to me to try it. If I recall, it contains oxytocin and will help the uterus contract.
