But, apparently you can take your choice. No wonder grammar is so confusing when there are different rules for different situations. I learned the basics, and I will stick with them. I can't believe BOS writes their own!!!!

Well, there are different grammar styles, and I think that's why there are differing grammar rules. There's Chicago Book of Style, there's Gregg Manual style, there's Modern Language Association style, there's AP style, there's American Psychologic Association style, there's American Medical Association style, there's AAMT style, etc.
