Seems pretty petty to grill you for something that apparently doesn't have a clear answer. Perhaps they should cite their source?

This one also shows Roman

That shows grade 1-5

Hope this helps.

Hello all! I have a style question that I hope someone of you experts can help me with. I need to know when you are transcribing a grade of vesicoureteral reflux how the numbers are transcribed, Arabic or Roman?

I transcribed "grade 2 vesicoureteral reflux" and my ass is over the coals now. I tried googling but I cannot find anything definitive.

Many thanks in advance for anyone who can help me here.
Ed
