My least fav are Elliott and Taylor. And Paula is the one who needs to go. She is waaaay out there this year, IMHO.

I read on some website that they keep changing Taylor's song choice, almost last minute. And Paris will be fine someday. She's got a decent voice for a kid.

I normally rant on Paula.... as a drug and alcohol therapist I think she could use my services. :-)

Taylor has had a few bad nights (Country Roads comes horribly to mind),

and

then there was that infamous mike stand kick-and-miss. He has a lot of charisma, though, and if he could keep from doing stupid things like

singing

"Mandy" as he enters the room to meet Barry Manilow (cringe-worthy

indeed!),

his quirky personality could well see him right to the top.

Paris, on the other hand.....she has GOT to go.

Re: A NON-poll

Sorry, you got me started on my big guilty pleasure. Plus, I have an exam tomorrow and I'd really rather talk about AI all night long than study another word. :)

Sandi (what are they gonna do, fail me? LOL)

ME TOO!!! Although I love Taylor, too.

Re: the poll: I vote for Elliott!

Oops, wrong newsgroup.
