Congratulations. I am so excited for you. I am only to have two grandsons, which I love, but I was hoping for a granddaughter. Glad to hear that your daughter is doing so well. Love the name. When is she due?

Janice

Little mommy is doing well. She's 50% weight bearing now and very, very anxious to get back to normal. Rich is pretty exhausted from having to do everything for the past three months. They will both welcome getting back to normal.

Yes, she had the first ultrasound and the little one is a baby girl. She plans on naming her Avery. We have 4 other grandchildren, 3 boys and 1 girl so we're all excited about having a little girl.
