To amuse myself (shut up, you), I was cruising the SMT archives and came upon the Floyd threads. Well, that was a year and a half ago and it's still funny as all git-out.

Where is that old wanker, anyway? Yoo hoo, Janice--did you stow him away in the trunk of your car on your last trip to Alaska and then forget to bring him inside when you got home?

Why troll for a troll? Count your blessings that we haven't had one in a good while. Well, not one who hides her/his identity.
