LOL. Just saw this – I have a choice of either (1) staying away from here or (2) trying to sit with both hands under me arse all day to keep from replying to political posts.

No. I am NOT in love. He is gone, gone, gone. For the second time. What he turned out to be was a harmless-looking evil, cheating liar. And a dumbass at that.

I shouldn't speak ill of him. I do feel really sorry for him: He is everything your mother warned you about, all rolled into one: Money problems, lying problems, drinking problems, gambling problems. AND no, I am not kidding.

Thank heavens I have the ability to laugh at my own dumbarsed self. I have done a lot of it over the last six months.

Now I'm looking for the man who really IS what this one claimed to be. I would be in love then. :)
