Thanks for noticing! Yes, I am editing the story, finding typos, very small re-writes. I'm not sure if I will put the corrections on the writing.com site or not, as it is rather time-consuming to put them in. I've been using software from a self-publishing site called Blurb.com where I will have just a few hardcover copies produced for friends. After this is done, I really need to get started on something new. I will check out your romance, thanks for the tip!
