You had a bad experience with a particular psych. That does not mean that all psychs are bad or even that particular psych is bad. You could have just had a good psych who was not the proper one for you.

Surgeons can destroy people. But that doesn't mean that you should hate surgeons.

I have to say that if you don't hate or fear anyone, your talk about a "Nazi past" as well as your other comparisons speak otherwise.

Either that or you are a total nutcase.
