Hi – There is a thyroid specific news group called alt.support.thyroid, where perhaps you should post your message. There is also a good mailing list:

THYROID Is a discussion list for thyroid conditions and diseases. To subscribe, send a message to lists...@maelstrom.stjohns.edu. In the body of the message type "subscribe thyroid Firstname Lastname."

You can also read it via a web page:

<http://maelstrom.stjohns.edu/archives/thyroid.html>
