I would like to share with you a great website that actually has beautifully designed medical ID bracelets. They are all custom made to suit your life style. I just got one as a gift, and have received several compliments. I now feel protected when I'm out of the house as well as feel great about myself.

Company: Tenere Designs website: teneredesigns.com

Tenere is beautiful jewelry that is always there to help you in the event of an emergency.

All medallions have a caduceus, the international medical symbol.

Tenere will speak for you if you are unable to speak for yourself.

Tenere is the ideal gift to yourself or someone you care about.

Wishing you good health.

Kathie
