Barack obama said today that as soon as he is sworn in as president, that he would in fact have paint crews to paint the white house BLACK and remove any white paint inside and outside the white house.

He also further stated that the white house will then be renamed the BLACK HOUSE.

His wife and reverend WRIGHT were thrilled about his decision.

He also stated that only BLACK people would be granted access to the BLACK HOUSE and BLACK HOUSE grounds.

He also stated that all cabinet jobs will be filled militant BLACKS from the LOUIS FARRAKAN group.

Happy days are coming in Washington D.C.
