\*\*\*\*\* CALL FOR PAPERS \*\*\*\*\*

"NanoTrends" Journal invites papers On NanoScience and NanoTechnology

Deadline : December 31, 2005

The papers are invited from the areas of fundamental physics, chemistry, biotechnology, bioinformatics, and technology of nanometer scale objects and how such objects can be used in the areas of computation, sensors, nanostructures materials and nano-biotechnology.

Features:

Submit your paper to "NanoTrends" journal as its Characteristics features are:

- Published every month
- Publication online in advance of printed version
- Worldwide circulation and visibility
- Electronic publication process
- Rigorous and constructive peer review process

The Journal covers following areas and topics but are not limited to:

- Nanoscale Characterization of Functional Materials
- Nanostructured and Nanoscale Materials
- Nanofabrication and Devices
- Nanocrystalline Materials
- Quantum Dots, Quantum Wires
- Nanotubes, Nanorods
- Molecular Nanotechnology

## Call for Papers in Nanotechnology Journal

- Nanophysics, Nanoelectronics
- Computational Nanotechnology
- Nanochips, Nanosensors and Nano–integration
- Nanofluidics,
- Nanomachining
- Molecular NanoScience,
- Nanorobotics and Nanotribology
- Nanobiotechnology
- BioMEMS, Biomimetic Materials
- Nanoscale Genomics, DNA Sequencing
- Nanomedicines
- Biomedical Nanotechnology and Molecular Nanotechnology

Manuscripts should follow the general Guidelines for Contributions, available on

<http://www.nstc.in/NSTCJournal/> . Inquiries regarding suitability of submissions may be sent to

Editor.

For knowing more details about how to submit your paper and author instructions please visit

<http://www.nstc.in/NSTCJournal/> .

All hard copy submissions should accompany soft copy and should be send to:

Editor – "NanoTrends" Journal  
Nano Science and Technology Consortium
