> [Hammond]
> Of course you can't prove it.... it's a false statement.*

He said ... since you didn't comprehend it the first time .. that he would not be able to prove it TO YOU.

He's starting to recognize the fact that the deranged, delusional and insane world YOU seem to inhabit has nothing to do with the REAL world the rest of us are in!

BTW .. The statement is not false!

- > *The word "objective" means "outside the mind".*
- > *There is nothing that "exists" "outside the mind of Man".*
- > *If there was, we wouldn't know about it, would we!*

Yes .. we would.

We KNOW about dinosaurs from the EVIDENCE LEFT BEHIND .. yet we were not here to see them.

We KNOW that a whole universe existed for billion of years even though we were NOT there to "see it".

WE KNOW that there are even PLANTS so old – and in such out of the way places – that are HUNDREDS OF YEARS OLD ... and live before ANY man had ever seen them!

even YOU – in your own insanity – ontradict your own claims!

If mankind (using YOUR claims) existed for 40,000 years then how could teh UNIVERSE (you also admit) be 15 billion years old .. if NOTHING EXISTS OUTSIDE OF MAN'S OBSERVATION/MIND?

What IS, then, the UNIVERSE that existed between that time of 15 billion, and 40,000 years ago?

IF it was "nothing", then it was not "a universe" IF there was a "universe" then SOMETHING EXISTED OUTSIDE OF MANKIND'S MIND!!!

You don't even understand that when your working with nothing but corrupt ideas and insane claims – eventually you will prove yourself a liar with your own words!!!

(snip remaining regurgitated, unsupported ignorance, bellowing and crap)!
