: Does this promise apply with an independent, objective evaluation
: ("opmand"), and does it extends to your posting in this (and other)
: newsgroups?

No, it doesn't.

Whenever you see a word spelled backwards (in this case "Cancel") and
usually

preceded with a letter at random, it is "EinsteinHoax" aka "H.E.Retic"
who repeatedly posts but makes no reply. I daresay he has lost his own
posts. Replying is a complete waste of time, he will not read it.
