Your nasty posts in another  
thread were ignored  
but not more David. See  
below.

Re: new straw man by David

You know, Juan, you're really not as proficient at this defensive, self-aggrandizing rationalization as Tom Potter. Tom is a master of it, and I suggest you take lessons from him if you want to make a \*spectacular\* show of defensive, self-aggrandizing rationalizations.. He even makes good use of words like "bigot" as serves his desires, and you're really not taking advantage of those opportunities.

de·fen·sive

- 
1. serving to defend; protective: defensive armament.
  2. made or carried on for the purpose of resisting attack

ag·gran·dize

- 
1. to widen in scope; increase in size or intensity; enlarge; extend.
  2. to make great or greater in power, wealth, rank, or honor.

ra·tion·al·ize

- 
1. to remove unreasonable elements from.
  2. to make rational or conformable to reason.

I would like to thank PD for again playing the role of a bush whacker,

and demonstrating why folks should be on the "de·fen·sive", against "irrational", immoral bush whackers,

who try to "ag·gran·dize" themselves, their races and religions

Re: new straw man by David

by bushwhacking folks who try to introduce  
"rationality" into discussions contaminated  
by race/religion "ag-gran-dization".

As can be seen in the media and in the newsgroups,  
some "bigoted" races and religions  
have institutionalized "bigotry"  
and use mass media and bush whacking  
to silence and discredit folks who try  
to promote "rationality".

The definition of "bigot" is:  
"A prejudiced person who is intolerant of any opinions  
differing from  
his  
own."

To read the stories of a few of the many folks  
who have been victims of Institutionalized bigotry  
visit the web site below.

Thanks again for playing the role of a bush whacker PD,  
and demonstrating how dishonest, immoral people use  
bigotry  
to try to control the flow of information.

Your pal,

Tom Potter

There. You see, Juan, Potter is a \*master\* at this.  
You have much to learn.

Re: new straw man by David

Do not underestimate the power of the Dark Side.

PD

And as you can see Juan,  
PD is a "master" bush whacker  
and a "master" at using Institutionalized Bigotry  
to try to silence or discredit folks who make truthful posts  
that puts him, his religions or his race in  
an unfavorable.

Why, Tom, I'm surprised at you! To my knowledge, I have never tried to silence you! I may disagree vociferously with many of your statements, but this does not constitute, nor should it be construed as, intolerance or a desire to silence you.

If you find vociferous disagreement to innately constitute intolerance and persecution, then I recommend that you move to a country where vociferous disagreement is suppressed. Oh wait, I see you've already done that.

The definition of "bigot" is:  
"A prejudiced person who is intolerant  
of any opinions differing from his own."

To see how Institutionalized Bigotry is used,  
visit the web site below.

<http://www.zundelsite.org/english/debate/victims/index.html>

As PD suggests, all good, honest folks  
should put the spotlight on the "Dark Side"  
by exposing their use of Institutionalized Bigotry.
