In that it appeared some of the reasoning in the former posting of this was somewhat skewed, I have taken an hour or so to correct it . . .

| You know, "Jews are special" is the worst kind of racism. It's a
| reverse anti-Semitism of the most pernicious kind.

Don't be ridiculous. To make the simple anthropological observation that Jews are across the board more intellectually and culturally advanced, far more generally hip and way the much more cool than the Goyim, by and large, is just a matter of facing facts. To deny it would be as silly as to suggest it isn't really true that Afro-Americans invented the blues and jazz, that pure-blood American Indians, by and large don't have face whiskers or that Chinese people don't to a large extent, eat with chopsticks, that if you hear a person saying, "Jolly Good" chances are he is of British background.

No. There is no "racism" involved in the least, because the Jewish people are not a "race". In view of that, it is racism of the worst sort to call the statement, "Jews are special" *racist*. To place "race" as a cause where there is no race is the worst sort of racism, it is racism per se. Race has nothing to do with Jews being "special" or "chosen".

Not only is what Davey "Dr. Zen" Rule says the worst form of racism, it is something worse even than that to boot: it is the worst form of narcissism for such a pink-assed goyische baggage as himself not to have the hip humility to admire his Jewish betters. How dim of him to leap to such a fool conclusion as to think the obvious excellence of Jews is something racial. How truly slug-headed does it get?

No, the coolness of Jews is not shared by their ethnic cousin, the Arab and nothing can be more obvious than that. Jewish superiority is cultural, entirely. This has a cause which is anthropological and plainly simple: The poetry written by the prophets to the god which Hebrews claim as their own is better, far better verse than the smarmy doggerel that comes from that unseen idol which Islam claims to know for their god—and there is just no question about it. Until Bob Dylan came along, Isaiah had not a peer, not even in Shakespeare or John Donne.

Idol, you ask? Did I say "idol" in regard to the Islamic god? Yes. The characteristic of an idol is this: it is worshiped instead of listened to, it is crawled to in public in long processions to the end that a person's religiosity is observed rather than truly experienced within; it is merely seen (as idols are seen) in the eyes of other men via rituals that no god which could possibly be God would bear the least interest or notice.

Since all religions are in part corrupt and amount to some appreciable extent to idolatry, it is all a question of degree as to how much more the outer, superficial, artificial aspects of worship are practiced—in order to fill a void left by the lack of any possibility for an inner man to god relation to exist. Now how many times per day does one hear a public call to prayer issuing from the belfries of church steeples compared to what is heard as the crow of a rooster five times a day issuing from the battlements of minarets all over the Levant? Clearly there is many a church that does not make a public noise of its religiosity but once a week. Clearly, Christianity is nowhere near the show-off religion. And what of calls to prayer among the Jews? How many among you have never heard so much as one?

Idolatry is the case when the god being worshiped is such an enigma wrapped in layers of mysterious contradiction that more than such a 'god' may be loved, it is feared, fallen down to and groveled before, because its commandments as to one's ethical behavior with respect to one's fellow man are muddy and unclear or utterly unknown, as the exceptions to every rule of commandment make them all of none effect as commandments.

As Jews, who, by dint of their religion, do own a capacity for maintaining a true ethical relation to their fellow man, maintaining down the ages a historical penchant for nonviolence, as we have endured, thanks to this morality, the longest experience of having been made the brunt of violence from their fellow man—yes, as Jews remain the delusional targets of an ancient mass psychosis; as Jews have lived through two millennia gaining from the experience of dealing with Goy insanity, of learning by that experience to make no idols, no saints, no heroes of this dirty, lying, slandering, gossip-mongering, sadistic, self-serving sack of blood-thirsty bastards known as "Mankind", very well then: Jews have learned through the aegis of Adolph Hitler and which is worse, the malfeasance negligence of all who let him rise to power, this Pollyannaish lot of gullible ninnies and suckers for a lie, yes, thanks to this outfit known as "mankind", Jews have learned the hard way the difficult business of bettering themselves for mere sake of survival as a peace-loving people living in the midst of idol-worshipping barbarians.

Yes, this is "racism" to be against that race which is known as the "human race". Damn straight, I will admit to being that kind of "racist". I speak of this human race which has always been the true Nigger of the World, so ignorant of spiritual principle, so naive, so conceited as to have trusted far too much to itself all, to its own supposed basic "goodness", having trusted in that so well as to have been made blind to the evil in itself.

Okay? Yeah, you're damned right. Jews know by dint of Mauthausen, the British White Paper and the steamship St. Louis that you goyim are not to be trusted, never again, and worse, that nobody is to be trusted. The death camps taught that truth to Jews about Jews, too. It's every man for himself. That's what Jews know, to trust their own reason, their own skepticism, their critical intelligence so far as never to take this man's word for it on the subject of any other man. That's why Jews are smarter than you, Davey Rule. We know better than to give trust to the likes of you, who go in lockstep after every damned fool dogma and ritual, spreading your gossip, believing in every slander you hear publicly spewed, taking the word of a majority for truth, foolishly on the mere basis that it is a majority which spews it.

Well, Sieg Heil, baby! Keep on marching with the rank and file like that Monsieur Goose-Foot. You, you, *you* in whom there is no demonstrable reverence for truth, you in whom all reverence is given to nothing but the stinky high-held ass of humanity. You who have no trust in your reason, your own thoughts, but only to the group-mind of the black lie gang.

Right. Men lie to suit their own neurotic impulses, their own passions, their self-interest, their political bias, their ethnicity, their envy. All men are liars, said the Jew, Saul of Tarsus, a/k/a "Paul" in his email to the Romans, and he had it dead right. It was nothing other than a pack of lies that drove the Jews of Europe into the ovens, a passel of slandering gossip that came to power as the platform of the Nazi party, and whether a majority of Germans, perhaps even the French actually believed those lies or simply in cowardice refused to publicly condemn them as such, it amounts to the same thing: they let the lies, and the slaving pack of howling wolves which gave loud voice to them come to power. The whole world knuckled under to the lies, as Chamberlain came back to London mouthing them, as the whole nation of France went down under the black thundering jackboot tread of them in less time and with far less trouble than that it took the Waffen SS and Wehrmacht to finally defeat the Jewish fighters of the Warsaw Ghetto.

Special? You better bet your soft, white goyische buns the Jewish people are Special, schmutzy boy, for there has never yet been in the History of the World anything to compare with the victory of the Six Days War and the valor of the Raid on Entebbe, Sharon's invasion of the Egyptian mainland on the west bank of the Suez during the Yom Kippur War. It's high time you Goy schlimazels took your backward caps off to your betters.

sci.physics: More Chopped Liver

It only stands to reason that Survival of the Fittest should have kicked in to demonstrate that not only biological, but social Darwinism is a mechanism operating in human ecology making for the fact that the Jews have been forged by the fire into a Special People.

Long Live Sharon!
Power to the People of the Prophets!
Down with the backward ball cap!
Up with the Hasid's black fedora!
Today a sandwich of kosher chopped liver,
Tomorrow, the world!

"It is men's views of their public . . . existence that . . . has protected [them] from the march of civilization, and has preserved [them in as it were] a wildlife sanctuary, ruled by the mores of prehistorical savagery--and what leaps into the political arena is a caveman who can't conceive of any reason why the tribe may not bash in the skull of any individual, if it so desires." Ayn Rand from the essay, "Collectivized Ethics"
