[hanson]

Does EGADS mean "oh my gaaahd"? or what? If so, then Mark's remarks extension of tender love is reminiscent of the 1960 rednecks who swore up and down that: "Some of my best friends are black"ahahahaha.....ahahahaha.....AHAHAHA...

[hanson]

bob, your lengthy confession here sounds like you have started with partying already early in anticipation of the house warming with your hi-class guests...AHAHAHAHA... Do they impress you that much that you have capitalized their religion, ethnicity, and professions?... ahahahaha..

Anyway, your gathering sounds like fun and I thank you for your invitation. It so happens that I will be at a diplomatic function over in Bimini that Saturday, where the mix of folks is on the same order as at your party. If it gets boring I shall hop over to see you guys.

BTW, have you ever noticed that when there are such type of parties, face to face, the guests are extremely proper, civilized, loving, and full of understanding about and towards each other. But the moment they get back into their limos the real fun begins..... a countdown and a litany of "did you hear/see that... (enter here any and all exiting cusswords+epitaphs)"... that come to mind, to express disgust and contempt about other party goers.....ahahahaha....

sci.physics: Re: Why Hitler is a Hero

This is why NG/cyber parties are so much fun. It cuts the phony bullshit out and goes right away to the hard core of honesty.....ahahaha.....
Have fun, bob,
ahahaha.....ahahahanson
