As can be seen,
"Mark Ferguson" continues to propagandize for
the people who are instigating the religious wars of the 2000's.

I wonder how he and the war-for-profit gang
would react, if they were systematically brutalized, humiliated,
their homes, schools, businesses and infrastructure were destroyed,
and they couldn't go to school, go to a hospital, visit their friends,
take a shit, without having to go through a check point,
operated by egocentric paranoiacs?

The fact of the matter is,
Sharon is the motive force behind the present disorder.
The Middle East situation was near a settlement before
Sharon instigated the assassination of Rabin, and it was near
settlement again, before Sharon intruded back onto the scene
by barging into a Muslim place of worship, escorted by scores
of thugs armed with assault weapons. And still the Middle East
was safer than Washington, D.C. before Sharon took power,
and escalated the brutality and humiliation of the Palestinians.

Sharon is a madman with a history of violence.
He instigated the Pearl Harbor attack on Lebanon,
and the slaughter of thousands of Palestinians,
and had the American ship Liberty attacked,

and the helpless sailors in the water strafed.
Many folks think that he had the Marine barracks in Lebanon bombed,
and blamed it on the Arabs, in order to keep America from protecting
the Palestinians he was trying to slaughter.

Sharon's plan was and is to agitate the Arabs into reacting,
and then using his political clout in America to get American
Blacks, Rednecks and Latino's to sacrifice their lives, dollars
and freedom to achieve his goal.
Power, money, land, oil, cheap, non-Jewish labor.

It is interesting to see that Sharon and his gang
are instigating religious warfare,
just as the war-for-profit instigators instigated the class warfare
that lead to the massacre of Russian Royalty,
the rise of Hitler, WWII, the Cold War,
with all the little wars (Korea, Vietnam, etc.) that followed.

The same gang that profited from the class war in Russia,
migrated to Israel after they raped Russia, and
they have joined with Sharon in instigating a
religious war, that they hope to profit from,
as they did with their class wars.

Bush is a willing participant of the class war instigators, just as FDR was.
If FDR had gone after the class war instigators
rather than getting in bed with them,
WWII would have lasted two months, and there would have been
no millions of deaths, no holocaust, no Cold War, no Korea, no Vietnam ,
no nuclear weapons, no instigation of global religious war, etc.

If Bush had gone after the religious war instigators ,
rather than getting in bed with them and Sharon,
there would have been no 9/11, no movement of America
toward a police and military state,
no loss of freedoms to Americans,
no danger to American's at home and abroad,
no collapse of the economy,
no shattering of the national budget,
no war on the Iraqi people,
with its' attendant cost, depletion of
non-renewable resources, environmental damage, etc,
no loss of trust by most nations of the world,
no hatred of America by hundreds of millions of Muslims,
no raid on Social Security,
no freeze of Civil Service employees salaries,
no bankruptcy of major airlines,
no dollar flight,
no meltdown of the dollar,
no meltdown of America,
no weakening of the United Nations,

sci.physics: Re: Why Hitler is a Hero

no weakening of NATO, etc.
