

sci.physics: Re: I think he's just being real generous.

I trade „load ships with goods and move the market and make the exchange rate and the shipping rate.

just for connecting up markets „I make money in mass quantities.

I connect 150 million bucks once and it reconnects its self forever.

I make a billion bucks a year.

Do you comprehend how much money that is ?

NAFTA is the bible ..

ALL you must do is follow the rules.

shop markets and compare prices.

one dude is asking for 20,000 tons of chicken and another is trying to sell 20,000 tons of chicken.

whats 50 cents per pound profit on 20,000 tons of chicken ?? \$ 20 million bucks.

Its hard work .. take me an hour.

logistics charter „, port fees „import duties insurance.

You better understand „look where you are when you quit on 10 million bucks jeff.

You know a billionaire „you know where to start trading .. Ive got a bank for you that cant say no if the math fits.

Get yer ass to work jeff.

Tell yer nerves to relax and enjoy the ride 1/2 the fun is getting there.

If nothing is what you do then thats what youll have.

screw that head on strait and stand on your feet.

You can do it „your nerve says no so fuck yer nerves.

do it anyway „be bigger than yer self.

piss on that poor crap.

I trapped crab in aslaka and were having crab for 300 in fiji .

I got an island for 400 grand here.

300 people live on the big island and last year we got new houses.

plazma tv „air „solar roofs .. hydroelectric „

phones „, boats .. toulk the entire island to HK shopping. They gave me a 200 acre island for 400,000 . The lagoon is just like gilligans island. were going to build a runway in the sea breakers and run a tour ship to here.

230 kinds of froot grow here.

it rains an inch a week once a week in 20 minuts.

I can sleep in the sand in the moonlight with a joint in my mouth and no one cares.

The KING says so.

theres no place like this .

You dont need a bar of soap around here.

You stay natural squeaky clean even if you sleep in the sand.

a 80 deg waterfall into a fresh water lagoon .

lunch is a tree away .

Im thinking a runway on stilts for lears.

and lux accomidations for 50 on the beach.

this is 1/2 the center of nowhere and 1/2 the center of evrywhere.
