It was a nasty task but certainly worth it. Long overdue.  
Future will prove this even to the worst antagonists.

The present government of Iraq is pretty much pro-Iran. A natural and healthy outlook. Two down from the ranks of extremist Sonnis, four more to still be living with for the time being (Saudi Arabia, the Emarats, Turkey and Pakestani extremists) :-(

This far into peace should've been already achieved 14 years ago if only Bush the father could stomach it. But that's what you get from a coward for president. Being better than "Dukakis" doesn't make one eligible for the office.

The media is trying to present these changes as "miscalculations" on the part of the decision-makers:

This is obviously not the case. The truth is different of course, all this were highly expected, even sought. Sept 11 must have really jolted a few to get their heads together at last. The trick was how to hijack the event to do some good that couldn't be done before.

Hollywood is run by Jews; it is owned by Jews - and they should have a greater sensitivity about the issue of people who are suffering. Because we have seen the Greaseball, we've seen the Chink, we've seen the slit-eyed dangerous Jap, we have seen the wily Filipino, we've seen everything but we never saw the Kike. Because they knew perfectly well, that that is where you draw the line.
