i knew you would evade the answer of what you would do with  
atta. Religious nuts live in a dream world which doesnt exist.  
I have known atheists whose life has changed for the better since they  
stopped believing

Dear habshi,

Why do you worship the sun and not who created its existence?

I believe in the power of prayer Habshi because I have seen the power  
of it to change lives time and time again. I believe in the guidance
