What with? Mind rays?

> peril harbor was only a suprise to those that died.

Sounds very deep. Its also a load of nonsense. If nothing else there were surprised survivors.

> Bush neaded a perl harbor.

You need a dictionary.

> asswipes like you belive evrything the gov says .

Retards like you just make thing sup.

Whatever.

> You think Nasa went to the moon !

No, I think people went to the moon. NASA is a big organisation and I cant see "it" going "anywhere."

Re: 9/11 Update: Listen to the WTC floor collapses (911Eyewitness)

> You think the gov cares about its people !

Nope.

> Bush dont give a fuck about 2000 dead kids.

Should he care more about 2000 or 1999?

> 8 trillion reasons why and you dont know Bush waisted 8 trillion bucks.

There are more than 8 trillion reasons. There are 8 trillion and two reasons but you dont know the other two.

> Steel wtt did not fall to pices .

Iron RSS how do you know.

> Steel cilinders stand with 3 good sides.

Wood chippings fall on the floor.

But only when the death rays arent switched on.

> BOATH tops hit the ground in one pice with out busting the windows.

Now we move from gibberish to complete lies.

> Even if te tops fell off the rest of the tower had no reason to fall

Maybe they felt sympathetic.

> „it was blasted.

By venusian death rays. NASA never went to the moon but it has been dealing weapons with Venus for 500 years now. It is where the gattling gun came from.

> I saw the welds , the beams were blasted .

I saw it fall. You are full of shit.

> Bush should face the firing squad.

So what? So should you.

Re: 9/11 Update: Listen to the WTC floor collapses (911Eyewitness)

never said this.

> 10,000 cams were there , where is all the pics ?

All over the bloody internet.

> I saw pics ,,disappear off the net.

Then you woke up.

> The pics I posted of both tops hitting the ground in one pic are
> gone.

Obviously the internet has developed standards then.

> You must think the towers were glued together.

I wish you would just think.
