Once I do get started.

I will post allot of smaller matches I dont need because Im lookng fr 20000 tons a stop on 100,000 ton boats and all 12 of mine.

It takes me about a week buy week sel.

thats 1 billion bucks a year.

I fuck off the rest of the year and play with money ...I fucked arund and made another billion a year now I make 2 bil a year and still work 2 weeks.

I started in 1981 .

in 1980 I loaded a 1300 ton ship with driftwood ground on deck into pulp off te orgigon beach.

Just went down the beach with a loader ad hauled driftwood down the beach for a summer

by my self. In a year I had my first million from the 12000 I put down on my first ship.

I did that because I found the buyer and used his money to run .

Now your starting ..you use the buyers money.

even if you just do 1 trade and walk away with 3 million . '

This is no fucking book and Im not charging you shit ,,its no sale add..no scam ..no shit.

find aluminum for 25 cents..

One of the richest people on the planet is telling you . There are 100 people on this planet that can tell you just how it is. You got an inside break into the front door strait up to the top floor. Only a billionaire can take jeff and put him in the top 5 % of wealth in usa population in 48 hours by teling him what to do for 48 hours. even if that 48 hours takes you a month to understand.

I can do that 48 hours in 1 hour.

8 oclock in the big easy its 2 am local time.

When wallstreet gets the news that a bizz they own stock in bought 3000 tons of alluminum 5 cents under market ,,that stock will go up.. so I dont trade stocks or Im inside trading ..

If I went to wallstreet it would be unfair .

forbs dont know how much Im worth.

They do know part of my assets ..

that cant gess te bottom line .

12 giant containor ships 45 mil a year each.
