In article <Jeff_Relf_2006_Jun_11_DcQh@xxxxxxxx>, Jeff Relf <Jeff_Relf@xxxxxxxx> wrote:

As I've point out many times before,
Cosmic_Inflation is an artificial model of the Planck_Length transition,
and it explains nothing that an ever-constant lambda wouldn't explain
better
and with much, much more evidence

IN language even YOU can understand (i.e wiki)

:-) I am looking forward to seeing how Jeff, erm, responds to this.
