|>
| [Andro]
|> I was on the Thames embankment (I'm quite familiar with London)
|> and feeling rather tired I lay on the parapet alongside the river to
rest.
|> Well... I fell asleep.. before long I started to dream, when I
|> was suddenly woken by someone shaking my arm. I hate being

Re: Tip for GPS users

|> woken like that, so I grunted and tried to go back to sleep.
|> My arm was shaken again, so I opened my peepers and a
|> gorgeous young woman was looking at me with big beautiful
|> eyes and said "Are you ok?"
|> "Yeah", says I, "leave me alone".
|> "I can't do that", she said, "if you are that tired come with
|> me and I'll find somewhere for you to sleep for the night".
|> I thought about it, and realised other do-gooders wouldn't
|> leave me alone if I stayed where I was so I said "Ok".
|> She took to me to a flat in Chelsea, gave me a supper and
|> after I'd eaten she pointed to the bedroom. Well... there
|> was only one bed, and as she started to undress I realised
|> she meant for me to sleep there. So I undressed, but said
|> "I'm a gentleman. I'll face the wall and keep on this side."
|> She made no reply, so we both got in bed and I did what
|> I said I'd do.
|> I was about to fall asleep again when she said "Aren't
|> you going to roll over and give me a kiss?"
|> I rolled over and fell in the Thames.

|>

| [Andro]

|> As Tom Potty quotes, " A terrible mind should not be wasted".
|> Now, who can we terrorise next?
|> Androcles

|>

| [hanson]

| wow...wow.. WOW!..old friend... Take that "terrorise"..
| back and keep your high British standards alive. The
| appropriate phrase is: " who can we administer to next?"
| AHAHAHA... ahahahanson

|

High British standards? What are high Bri... Oh... You mean the
battle of Waterloo where Napoleon got stomped and Dork Van
de merde lives.
