Hi T.J., You told me something like:

When underway, you'll need at least 3 men on the tug.

You take helm 12 hours, others take it 6 and 6 and split the other shit.
SOLAS (Safety Of Life At Sea) won't let you sail 24 hours by yourself,
18 hours is the limit.

Oh, so I need to hire at least 2 " captains "... hmm.
I wonder what the going rate is, here in Seattle.

You wrote, " can't smoke a joint... too many people. better have about 20 ! "

20 joints ? You ran out of pot once, as I recall.

.
