Hi All, In the past, my Style Sheet Overrides ( for FireFox ) have been really fucked up... but now I think I finally got it right. I took a lot of work ( i.e. play ) to get it right. See:

[Cotse.NET/users/jeffrelf/userContent.CSS](http://Cotse.NET/users/jeffrelf/userContent.CSS)

Searching your hard-drive for " userContent " will tell you what directory to put userContent.CSS in. FireFox must be restarted ( to see the change ).

Note, Internet Explorer doesn't respect the " !important " directive... So I don't respect it. The code follows...

```
*, select, option {
text-decoration: none !important; text-transform: none !important;
margin: 0 0 0 0 !important;
border: 0 0 0 0 !important; padding: 0 0 0 0 !important;
position: static !important;
width: auto !important; float: none !important;
border-style: none !important; line-height: 110% !important;
letter-spacing: .4px !important; background: black !important;
font: 22px normal Consolas,monospace !important; }
```

```
a, div, li, ul, span, table, tr, td, i, b, p, em, tt
, h1, h2, h3, h4, h5, h6, small, strong, .highlight, label
, dd, dl, dt, font, form {
white-space: normal !important;
color: inherit !important; font-style: inherit !important; }
```

```
a[target] > b, a[href] > b, a[target], a[href], input, button
, a, div, li, ul, h1, h2, h3, h4, h5, h6 {
display: inline !important; margin-right: 1em !important; }
```

```
span[id] { margin-right: 1em !important; }
```

```
input *, textarea * { white-space: pre !important;
background: rgb( 99, 99, 99 ) !important; }
```

```
a[name]:before { content: " --> "; }
```

## My Style Sheet Overrides ( for FireFox ).

```
i, b, em {
color: rgb( 177, 155, 133 ) !important; }

h1, h2, h3, h4, h5, h6 {
color: rgb( 155, 177, 133 ) !important; }

:focus *, :inactive { background: rgb( 0, 96, 0 ) !important; }

::-moz-selection, span[class="diffchange"]
, span[class="diff-deletedline"], span[class="diff-addedline"] {
color: rgb( 177, 255, 133 ) !important; }

body { color: rgb( 155, 111, 111 ) !important; }
pre { color: rgb( 111, 150, 111 ) !important; }

a[target] > b, a[href] > b, a[target], span[id], a[href], input, button {
color: rgb( 155, 155, 155 ) !important; }

a[target]:visited > b, a[href]:visited > b, a[target]:visited, a[href]:visited
, span[id]:visited, input:visited, button:visited {
color: rgb( 177, 177, 177 ) !important; }

a[target]:hover > b, a[href]:hover > b
, a[target]:hover, a[href]:hover, span[id]:hover, button:hover, input:hover {
color: rgb( 200, 200, 200 ) !important; }

marquee { -moz-binding: none !important; }

/** /
usercontent.css display important
html { overflow: -moz-scrollbars-vertical -moz-scrollbars-horizontal !important; }
scrollbar[orient="vertical"] { display: inline !important; }
html { min-height: 100% !important; margin-bottom: 1px !important; }
white-space: pre -moz-pre-wrap !important;
margin: 0 0 0 0 !important;
max-height: none !important;
max-width: 950px !important;
min-height: 0px !important;
min-width: 0px !important;
overflow: auto !important;
html { max-width: 80% !important; }
html>body .content { max-width: 93% !important; }
