Ok, but this whole thing is about a group of  
people trying to muffle  
free speech and that doesn't sit well with me.

Oh, bullshit. You think you're the only one with a right of  
"free  
speech." People who disagree with you also have that right in  
case  
you didn't know.

David, you are a Borg. You are incapable of thinking for yourself.  
Your thoughts are the thoughts of the collective. Your reality is  
constructed by others. Your mantra is: "assimilate or destroy." You  
argue on the basis of outright-lies and revision. Your views are  
based on mindless conformity and self-deception. You are a fool.

And this relates to the statement above exactly how?

You can't be reasoned with.
